# Fusion Series Modular Paging System

By CommTech Wireless

	<p><b>IntelPage</b></p>	<p><b><u>IntelPage</u> Module</b></p> <ul style="list-style-type: none"> <li>• Dip Switch Configuration</li> <li>• Synthesized POCSAG Paging Transmitter</li> <li>• 2 Level Flex Support</li> <li>• Available in UHF or VHF</li> <li>• External LED Status Indicators</li> <li>• High Power Rack Mount Option</li> </ul>
	<p><b>IntelPage IP</b></p>	<p><b><u>IntelPage IP</u> Module</b></p> <ul style="list-style-type: none"> <li>• IP/Ethernet Connectivity</li> <li>• HTML Browser or Terminal Configuration</li> <li>• Fully Synthesized Paging Transmitter</li> <li>• Versatile Enclosure Options</li> <li>• Available in UHF or VHF</li> <li>• 5-watt to 200-watt Power Options</li> </ul>
	<p><b>CMM</b></p>	<p><b><u>Cellular Messaging</u> Module</b></p> <ul style="list-style-type: none"> <li>• Built-In Dual Band GSM Modem</li> <li>• External SIM Slot</li> <li>• 50 Ohm External Antenna</li> <li>• Connectivity to Fusion or PC</li> <li>• Serial (RS232D RJ45) Interface Port</li> <li>• TX and RX Indicator LEDs</li> <li>• Mains Power Rack Mount Option</li> </ul>
	<p><b>TIM</b></p>	<p><b><u>Telephone Interface</u> Module</b></p> <ul style="list-style-type: none"> <li>• Voice Prompted Wireless Messaging</li> <li>• Robust Rack Mount Option</li> <li>• External LED Indicators</li> <li>• Connects to Standard Phone System</li> <li>• Integration with Fusion Series</li> <li>• Expand your MaxPage PBX Ports</li> <li>• VoIP to Voice Pager</li> </ul>
	<p><b>ADM</b></p>	<p><b><u>Alarm Dispatch</u> Module</b></p> <ul style="list-style-type: none"> <li>• 16 Dry Contact / Opto-Coupled Inputs</li> <li>• TAP, SMS, KIRK and POCSAG Outputs</li> <li>• RS-485 Polling</li> <li>• RS-232 / RS-485 Connectivity to Fusion or PC</li> <li>• Multiple Recipients Per Alarm Input</li> <li>• TX and RX Indicator LEDs</li> <li>• Mains Powered Rack Mount Option</li> </ul>
	<p><b>EMM</b></p>	<p><b><u>Event Management</u> Module</b></p> <ul style="list-style-type: none"> <li>• Connectivity to Virtually any 3<sup>rd</sup> Party System</li> <li>• Communication Device Interoperability</li> <li>• Web-Based Architecture</li> <li>• Embedded Network Appliance</li> <li>• Supports up to 1,500 Message Recipients</li> <li>• Ethernet, Serial and Modem Connections</li> <li>• Versatile Enclosure Options</li> </ul>

All Modules are Available in a Rack Mount Versions
