P/N= 0250-1200

Supports Ethernet Based TAP Output and up to 4 to 6 USB* TAP Outputs.
(*Requires USB to Serial Adapters with 1 Included)

Features:

The Superior Features of the WaveWare **STG PLUS**
SIP to TAP Gateway Now Includes:

- **NEW:** Basic use of the **SNAP Modifiers** and **One Pager App**, while still allowing for the R5 and R5K **SIP Input**
- **NEW:** Now **Upgradeable** to become a Full SNAP Product (with All Basic Features and Options, without being sent in)
- **Ethernet Port** – Supports Rauland™ SIP Monitoring and TAP Output*
- **USB Ports** – Qty. 4 to 6 TAP outputs by using the USB to Serial Adapters for **Simultaneous TAP Output**
- **SNAP Configured with Limited Features and Options** – Allows the SNAP to become the **NEW STG-PLUS****

What's New:

With the **STG PLUS** you get New Features and Options not previously available for the STG Hardware Product.

You can use the **Rauland SIP Input** Protocol as the STG always offered.

- **PLUS** the use of the **SNAP Modifiers**
- **PLUS** the use of the **SNAP Single Pager App (Expandable)**
- **PLUS** the Hardware is capable of being **Upgraded** to a **SNAP**
- **PLUS** the **Upgrade** can be Performed “**In-the-Field**”, via the Internet*

* Meaning that you do not have to Send the Hardware in for Re-imaging, as you would have to do for all Previous Lenovo STG Hardware Products.

** The **STG PLUS** offers **SIP Input** Only and One or More **TAP** Outputs and the use of **1 Pager App License** (of which the Pager App Qty. can be Expanded by Purchasing Additional SNAP Pager App Bundles).

Also if you Upgrade to the SNAP Package, you are then able to utilize All the **SNAP Basic** Features / Options, Inputs / Outputs, etc.

Exact Model may be different than the Item Pictured
The Lenovo Hardware “Model” will Change as Required.
Product Built with “Renewed” ThinkCentre Hardware and
Display Cable, USB Mouse and Keyboard Not Included

The **STG-PLUS** offers up to Qty. 5 I/O Ports Total (For Example: 1 for SIP Input, 1 for Pager App Output and 3 for TAP Output via Network and/or USB)
The **Lenovo Model** used for the **STG-Plus** and **SNAP** Products may Vary Depending on which Models are Available at the time.
